DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 1,3-5,8-10,12, 14-16,21-23 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claim 1 disclosed the drugs selected from the group consisting of a calcium channel blocker, an ACE inhibitor, a narcotic analgesic or analogues, the applicant did not include any analogues in the specification. Claims 3-5,8-10,12, 14-16,21-23 are dependent on claim 1, which is rejected for written description.

Claim 5 recites:

An effervescent pharmaceutical formulation according to calim,(?) wherein the drug loading of the microcapsules ranges for about 10% to 70% by weight.

Claim 5 is rejected for failure to cite the claim dependency.

Claim Objections

Claim 7,15, and 25 are objected to because of the following informalities:

- Claim 7 is objected to as it lacks the word formulation after "wherein"

Art Unit: 1618

- Claim 15 is objected to as it recites "any one of claims 1"
- Claim 25 is objected to as it lacks the word group after "from the"

Appropriate corrections are required.

Allowable Subject Matter

3. Claims 11,13,24,25-29 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim 6 is allowable.
